ARMED U. S. SAILORS LAND AT HAVANA

In Order to Protect American Interests.

LANDING CREATES EXCITEMENT

Rebels Issue an Address to the American People Stating Their Issues and Asking that There Be No Intervention by the U. S. Government.

Havana, Sept. 15—The armed sailors who were landed Thursday night from the United States cruiser Denver, are still in their camp.

Commander Colwell came ashore on Friday morning, and went to the American legation. Lieutenant Commander Marcus L. Miller is in command of the party on shore, which has not yet received orders other than remain where they are.

New York, Sept. 15.—The World prints the following message which its correspondent with the insurgents in Santa Clara province cables he has received by courier from General Guzman:

"Headquarters in the Field, Central Andriento Plantation, Santa Clara Province, Sept. 13.—To the American People: Difficulties have arisen among us, questions of liberty and law or of peace. We do not ask for sympathy; we ask only an open field that we may settle with Cubans and for Cubans, the issues with which we have joined.

"There has come a time in the history of this republic when the only way to secure a permanent and righteous peace, safe in guaranteed constitutional liberties, is by war.

"Under the empty name of a republic, the shackles of the overthrown Spanish domininon have again been imposed upon us. Our constitution has been cast aside with contemptuous egotism, the royal laws of the ancient regime have been revived, and issued to us with the very forms nad words of the royal Spanish decree. Absoluteism was again fastening itself upon Cuba, and in the more dangerous guise and formulas of a Republican system that was but the sham of Democratic ideals.

"It has become necessary to resort to arms—not for war if it can possibly be avoided—but as a demonstration before the court of last resort, that the spirit that for a century has fought against royal oppression still endures and will suffer again the hardships of campaigns rather than yield the fruits of hard won liberties. By a vast majority Cuba is with us.

"If the present administration in Havana so chooses, it will be war no longer.

"Shall we be tricked by commissioners from Palma and into an armistice whose authority and validity he then denies?

The intervention of the United States we do no twish. This is our own Cuban question; a question of our rights and liberties that we ourselves must settle. And in considering the question, we ask consideration of the fact that it is one fraught with more consequence to Cuba than of monetary commercial loss or gain.

"The rights and properties of the Americans will be respected by our forces.

"That all in Cuba will suffer as a result of the depression due to war is unfortunate and inevitable, and with their patriotism they gladly accept the sacrifice that there will emerge the firmer rights and absolute liberties of real constitutional government.

"To those Americans who believe in the liberties of all people and that the right and just should triumph, we ask their sympathy. "Eduardo Guzman, General Cefe de la division de las villas; "Orestes Ferrera, General de Brigada; Joquin Rodrigues, general; Jacinto Portela, corronal; Adelardo Rodriguez de Rer, corronal chiefs of the army in Santa Clara province."

Washington, Sept. 15—A dispatch has been received at the state department from Consul General Gudaire Mr. Sleeper, at Havana, confirming the report of the destruction of sugar plantations near Cienfuegos and of the destruction of railroad bridges and buildings. It is also stated that no traffic is going on on the Cuban Central, Western or United Cuban railways.

The governor of Sata Clara province has reported that Santa Clara is now threatened by the rebels. The navy department has not yet been informed of the arrival of the cruiser Marietta at Cienfuegis.

Another dispatch from Mr. Sleeper says it is reported that 300 insurgents attacked the rural guards on the morning of the 12th at Zaza, Santa Clara province, and that the government lost 18 men while the loss of the insurgents is not known. The government retreated to Sancti Spiritus. Mr. Sleeper adds that a rumor is current of an uprising in Gamaguay. The postal service between Santiago and Havana is interrupted. Mr. Sleeper's report is based on a telegram received from the American consul at Santiago on the afternoon of Sept. 13.

Woman Murderer Identified.

St Petersburg, Sept. 15—The identification as Tipiana Leonieff, the woman who killed an aged Frenchman named Mueler, at Interlaken, Switzerland, on Sept. 1, in mistake for M. Durnovo, former Russian minister of the interior, opens up the final chapter of an interesting romance. Mlle. Leontieff is one of the nieces of General Trepoff, who was concerned in an unsuccessful attempt on the life of her uncle in 1905. This caused a sensation at the time. Mlle. Leontieff was arrested and confined for some time in an insane asylum. She was evenutally released on her promise to leave Russia forever. This she did, but she maintained her connection with the revolutionary group.

Second Hague Conference.

Washington, Sept. 15—Although the date has not yet been definitely fixed the second Hague conference probably will be held next May or June according to Dr. David Jayne Hill, American minister to the Netherlands, who is now in Washington on a special mission. As a result of Secretary Root's South American tour it is probable that nearly all of the governments of that continent will be represented at the second conference which was not at all certain had the conference been held when originally proposed. The representation will thus be increased from thirty nations to about forty-five.

Republican Gubernatorial Possibility.

New York, Sept. 15.—Postmaster William R. Wilcox who has been mentioned as a Republican gubernatorial possibility, declined to discuss the matter in any phase, but when shown a published statement to the effect that he had consented to permit his name to go before the Republican convention at the instance of President Roosevelt, he replied: "I have had no communication from the president of any character this summer."

Discontinues Gallery Practice.

Washington, Sept. 15.—Secretary Bonaparte has issued an order discontinuing gallery practice for small arms on board ships supplied with the sub-target gun. This sub-target gun is a substitute for practicing gallery shooting and has proven very satisfactory in the navy. It was first tried on board the Missouri and the sailors who used it became so proficient that they wade the Missouri first in target practice.

Peace Delegates Assemble.

San Jose, Costa Rica, Sept. 15.—Delegates from Guatemala, Salvador and Honduras to the peace conference which is to be held here as a result of the signing of a treaty of peace on board the United States cruiser Marblehead last July, have arrived and been acorded an official welcome.

Wages Are Advanced.

New York, Sept. 15.—The management of the New York City Railway company which operates practically all the surface lines in Manhattan borough has advanced the wages of its employes on a graduated scale, the total amount involved being more than a quarter of a million dollars.

LET PARTY JUDGE, BRYAN'S ANSWER

Nebraskan Answers Sullivan's Statement

WILL NOT LOWER DISCUSSION

Bryan Says Democrats of Country Only Can Decide Upon His Fitness To Run For President—Illinois Must Take Measure of Sullivan.

Lincoln, Neb. Sept. 15. The reply of William Jennings Bryan to the statement of Roger Sullivan, of Chicago, was given out Thursday night. Mr. Bryan had said that he would not lower the discussion with Mr. Sullivan to one of personal controversy. The text of his reply follows:

"In his speech before the Jefferson club in Chicago, on the evening of September 4, Mr. Bryan referred to the case of Mr. Roger Sullivan, democratic national committeeman from Illinois. Mr. Sullivan has replied in a statement quite characteristic of the man and his methods, but he will not be permitted to lower this discussion to the level of a personal controversy. The public is not interested in Mr. Sullivan's views of Mr. Bryan any more than it would be interested in Mr. Bryan's views concerning Mr. Sullivan were Mr. Bryan to deal with Mr. Sullivan's personality. Mr. Sullivan is the democratic national committeeman from Illinois, holding his office by virtue of unfair methods. This matter was presented to the St. Louis convention and the evidence would have convinced the convention had not the delegates feared the effect of an adverse decision upon the presidential candidate whom they were pledged to support.

"If Mr. Sullivan disputes the assertion that a considerable majority of the delegates to the Springfield convention were opposed to him, he can fight the question out with the majority league of Illinois which will doubtless accommodate him.

"As Mr. Bryan has not asked for a nomination and has not announced that he will be a candidate, he will not submit the question whether he should be a candidate to Mr. Sullivan or to any body of persons less numerous than the members of the democratic party of the United States. Neither can the question as to whether Mr. Sullivan should be re-elected to the national committee be submitted to the members of a convention already adjourned. Such a decision would have no binding force. The question must be submitted to the democrats of Illinois when they meet to select delegates to the next national convention, and Mr. Sullivan will not be permitted to dodge the issue that is raised against him. He is officially connected with a favor-seeking, franchise-holding corporation, and the question is whether the democratic organization should be paralyzed by the influence of men whose private interests made it impossible for them to be guardians of the public.

"In speaking of the Sullivan case at Chicago, Mr. Bryan said: 'I hold that no man who is officially connected with a corporation that is seeking privileges ought to act as a member of a political organization, because he cannot represent his corporation and the people at the same time. He cannot serve the public while he is seeking to promote the financial interests of the corporation with which he is connected.

"'This is the issue. Before the trust question became the dominant one, it was not so important what a man's corporate connections were, but when this question is the supreme question of the hour, the party organization must be above suspicion, and the democrats of Illinois and all other states are invited to inspect the connections of those who aspire to the position of party managers. The people cannot be fooled, and the party that attempts to fool them is sure to learn of its mistake when the votes are counted.'

"Mr. Bryan will urge the democratic party to put itself in a position where it can fight boldly and honestly for the regulation of such corporations as are not monopolistic and for the prevention of any private monopoly whatever. To this end the organization must be composed of men who are free to act for the public and not tied by personal interests to corporations which are seeking favors at the public's expense."

Woman Killed with Hatchet.

Media, Ky., Sept. 15.—Mrs. E. H. Pavitt, wife of a farmer, was beaten to death at her home in Springfield township, near here, with a hatchet in the hands of an unknown assailant, during the absence of her husband. Her body, with the head crushed almost to a pulp, was found lying on the kitchen flood by her husband upon his return from Chester, where he had gone to dispose of a load of farm products.

In a short time a posse of farmers was organized and a few hours later William Kelson, a negro, aged 19 years, was taken into custody on suspicion. He denies all knowledge of the crime.

A negro answering Kelson's description was seen loitering near the Pavitt farm about 8 o'clock in the morning.

Sealing Raid Organized Affair.

Victoria, B. C. Sept. 15.—Advices from Hakodate, Japan, state that the sealing raid on the Prybloss islands, in which five Japanese were killed and twelve captured, was an organized affair, planned by the two schooners involved, which had during 1904 and 1905 been engaged in raiding the Robben and Commander Island rookeries. The patrolling of the Commander island and rookeries this season by three Russian warships had driven the Japanese schooners to the Behring sea, and the raid was organized for St. Paul Island so that the Americans were not involved as stated. During 1904 the Robbin Bank rookery was cleaned out, 6,750 seals being killed when the guards were withdrawn because of the war and about 500 were killed in 1905.

Boiler Bursts, Killing Wright.

Cordele, Ga., Sept. 15.—John Wright, a young man employed by the Central Oil and Fertilizer company, of this city, was killed almost instantly at the plant by the bursting of a steam pipe. Wright was on the boiler and turned on the steam which is conveyed from the boiler to an engine, the pipe exploded, one section of which knocked the unfortunate man violently against the wall, horribly mangling his body, which was also nearly cooked by the steam.

Burns to the Water's Edge.

New York, Sept. 15.—An explosion on the motor boat Mercedes, one of the entrants in the race of the Motor Boat club, of America, which took place on the Hudson river Thursday, threw its three occupants, H. L. Bowden, the owner of the Boston, Captain James Barr and Charles Basle, the engineer, into the water. They were rescued without serious injury. The boat took fire and burned to the water's edge.

Shot at Tenderloin Ball.

Wilmington, N. C., Sept. 15.—In the tenderloin district W. L. Williams, a well known traveling man, was shot and mortally wounded in a general row in the ball room of Lonnie Snipes, connected with one of the local breweries. Snipes ran, but an officer in the room followed him and in a pistol duel in the street Snipes was dangerously wounded in the stomach.

Sailors Beaten at Portland.

Washington, Sept. 15.—Rear Admiral Evans has sent to the secretary of the navy a report in which he vigorously criticises the treatment the sailors of his fleet received while at Portland, Me. He claims that they were beaten by the police and refused admittance to places of amusement because they were in uniform.

Mrs. Chadwick's Mother Dead.

Woodstock, Ont., Sept. 15.—Mrs. Mary A. Bigley, mother of Mrs. Cassie L. Chadwick, of Cleveland, O., died here Thursday night. Mrs. Bigley was 76 years old.

Bolt Killed Negro Farmer.

Morgan, Ga., Sept. 15—John Reese, a negro farmer, of Montpelier, was killed by a bolt of lightning during an electrical storm.

GEISMAR SHOT WOMAN THEN KILLED SELF

Macon, Ga., Man Attempted to Murder Lady Friend.

HAD BEEN DENIED ADMITTANCE

Returning to Ivey Home on Edgewood Avenue Early Friday Morning, Geismar Entered the Kitchen and Began Firing Right and Left.

Atlanta, Sept. 15.—Failing in his attempt to murder Mrs. Eugene Ivey, of 591 Edgewood avenue, whom he shot in the thumb, and her cook, and the latter's child, Charles Geismar, a retail grocer of Macon, said to be wealthy, shot himself through the head, dying instantly.

The tragedy occurred early Friday morning in the kitchen of the Ivey home. Mrs. Ivey was shot through the thumb, and was so prostrated that she has denied callers during the morning, and will not be able to attend the inquest during the afternoon.

Four bullets in all were fired, two flying wild and burying themselves in the door and in the plaster on the walls. Geismar put his revolver to the back of his head and the fourth bullet had a true aim. It went clear through his head and emerged from the forehead pushing out part of the skull. He fell between the safe and the wall and died almost instantly.

Whisky, morphine and the excessive use of cigarettes are said by members of the Ivey family to have unbalanced Geismar. A friend of the family, he always called upon them when in Atlanta. Denied admission to the house Thursday night because he was intoxicated the Iveys say, he returned Friday morning. He got admission to the kitchen through a gate on Waddell street. He had a lighted cigarette in his mouth when he died, and he had left three others on the front veranda, on his visit the night before.

Will Ask for Another Respite.

Atlanta, Sept. 15.—It is probable that Governor Terrell will again be called upon to respite Jesse and Milton Rawlings, who are sentenced to be hanged Oct. 5, for the murder of the two Carter children in Lowndes county. On account of the appeal for a new trial for J. G. Rawlings, which is pending in the United States supreme court, Attorney John Randolph Cooper will ask for a stay of the boys' execution on the grounds of being important witnesses for the defense. If the chief executive declines to issue the additional respite Attorney Cooper will undoubtedly carry the case of the boys before the state pardon board on an emergency petition for executive clemency.

New Trial Refused.

Gainesville, Ga., Sept. 15.—New trial has been refused by Judge Kimsey for John Tucker Dorsey, who was found guilty of involuntary manslaughter in Hall superior court during the past July term. Hearing was had at Habersham court. The case will be carried to the supreme court, and argued by the attorneys, Howard Thompson and H. H. Dean. Bail was refused the defendant by Judge Kimsey. It will be recalled that the dead man in the case was Curtis Twitty. Dorsey is in jail here, and is in fine spirits as to the ultimate outcome of the case.

Five Children Drowned.

Whitehead, N. S., Sept. 15.—Five children aged from 9 to 14 were drowned Friday in a lake at Port Hastings, a village near here. The children had spent the day picking blueberries on an island and on their return their small boat sprang a leak and sank.

TWO NEW ROUTES TO GO ON MONDAY

People of Rural Districts Will Enjoy Convenient Facilities.

MAIL DELIVERED EVERY DAY

At Their Doors by Uncle Sam's Trusted Employes, at No Additional Cost to Them—A Movement to be Appreciated by the Public.

The system of rural route delivery of the United States mail having worked so successfully and satisfactorily in this section, application was made for two additional routes by the lamented Postmaster Geo. J. Arnow, deceased, a few months ago, but this excellent gentleman and loyal servant to the people never lived to see his request granted. Not because of the fact, however, that his request did not have the attention of the postoffice department in Washington, for the same was considered and granted, but he died before the order went into effect.

Postmaster Arnow was a good postmaster, as well as a good man. He realized the convenience which would be afforded to rural residents by the establishing of two more routes, and with a desire to give them all the convenience consistent and possible, he set about to secure it, and his efforts were successful.

Monday morning, September 17, Carrier Louis Artson will begin his official duties on Route No. 2, which will go in a southwesterly direction from Gainesville, and will embrace Rocky Point, Wacahoota, Arredondo and intermediate points, covering a territory of about fifteen miles, round-trip.

On the same date Leon Scarborough, who has been appointed rural mail carrier, will inaugurate Route No. 3, leading north from Gainesville, and embracing the neighborhoods of Paradise, LaCrosse, Hague, etc., covering a territory of something over twenty miles, round-trip.

The inauguration of these two routes will prove a great convenience to those living along the territory embraced by them, as it will give the advantage of a daily mail at their door, while they have been accustomed to have to ride several miles to the postoffice.

MASTER HUFF IS WELL.

Evinston Lad Bitten by Mad Dog Has Been Discharged as Cured.

O. D. Huff and son, Floyd, of Evinston, passed through the city Friday en route home from Atlanta, where they have been for the past few weeks.

It will be remembered that the little boy was bitten by a dog supposed to have been mad. He was taken to the Pasteur Institute at Atlanta. The dog was also expressed on the same train for examination, but died en route, when the head of the animal was taken off and examined.

Mr. Huff states that he is sure the dog was affected with rabies, as a rabbit which was inoculated with the brain died of hydrophobia within fourteen days afterward.

Master Floyd has been discharged from the institute thoroughly cured, which will be gratifying information to friends of the Huff family.

ANOTHER YARD COLLISION.

Seaboard and A. C. L. Trains Come Together at Junction.

There is an old and true saying that "it never rains but it pours," and this proverb is applicable to catastrophes in the railroad yards within the past two or three days.

The latest accident recorded was a collision between trains of these two roads at the junction on West Main street S., Saturday afternoon, which resulted in the overturning of a combination car belonging to the Seaboard. Through a misunderstanding of orders, the two trains came together on the crossing, the Seaboard backing into the A. C. L.

There was no damage, other than the overturning of this car.

Additional Counsel for Thaw.

New York, Sept. 15.—Announcement was made Friday that John H. Iselin and Howard S. Gans, the latter formerly an assistant under District Attorney Jerome, have been retained to assist in the defense of Harry K Thaw. Messrs. Gans and Iselin called at the Tombs and held a conference with Thaw. They were accompanied by Clifford W. Hartridge, with whom they will be associated in the defense of Thaw.

POWER OF MIND.

Always a Valuable Asset in Presence of Danger.

Presence of mind is always an asset. It is especially valuable in presence of danger such as springs from the presence of men intent upon murder. This was never better exemplified than when a gang of men set out to take the life of Mazzini. He got to hear of their project. All the precautions he took was to get ready a store of very excellent cigars. The ruffians presently appeared at his address. "Come in, gentlemen," he said and produced his cigars. To each man he handed one. Taken aback at their reception, they seemed abashed and confused. "I know that you came to kill me," he said. "Why do you not proceed to your task?" This was too much for even this bloodthirsty deputation. They could not kill the man whose cigars they were smoking and who invited them to carry out their task. Muttering some excuse for having interrupted his studies, they shuffled out of the room and troubled him no more.

Each man has his own method with would be assassins. With Napoleon it was the eye which counted. While he was visiting the Duke of Saxe-Coburg-Gotha one of the duke's retainers made up his mind to slay him. He had so frequently heard the great man denounced as the curse of Europe that he felt impelled to seize the chance to destroy him. He was a common soldier at the time and had to do sentry duty in one of the corridors of the palace along which Napoleon passed. He put his finger to the trigger as the duke, accompanied by Napoleon, drew in sight. He aimed for Napoleon's heart. Napoleon saw him. He said nothing, but simply fixed his eagle eye upon the youth. The latter seemed spellbound. He let the musket fall with a crash to the floor of the stone corridor. He felt, he said, as if he must have swooned. Napoleon took no further notice, said no word, passed upon his way as if nothing had happened. That one nashing glance had saved his life. He knew its effect and value.—St. James' Gazette.

The Crawfish's Tail.

The tail of a crawfish serves that animal as an oar. By a peculiar jerk of the tail the animal can retire from a dangerous object with almost incredible swiftness. The tail is much more effective in moving the animal backward than forward, a singular instance of adaptation to its situation, for by means of its tail it can withdraw into its hole with such swiftness as in an instant to place it out of danger.

S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy have made "S. S. S. For The Blood" a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients, but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acrid and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood? Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.

OIL ROAD THE STUFF SAYS SENATOR MANN

Believes This Road Cheapest and Best for This Section.

ROAD ALMOST INDESTRUCTIBLE

Requires Very Little Repair, as the Motion of Teams and Vehicles Over Its Surface Keeps the Road-Bed in Excellent Condition.

Notwithstanding that Senator A. S. Mann is busy in his capacity as industrial agent of the Gainesville and Gulf railroad, he puts in his spare moments advocating and talking good roads.

Senator Mann is State organizer for the National Good Roads Association, and it may be said to his credit that he has probably accomplished more toward the construction of hard surfaced highways than any one man in Florida. He has made a thorough and earnest study of the situation, and is well posted on all classes of road building and road-building materials. He has made a deep study especially of the oil roads, which have become popular in California and other Western States, as well as in the East, especially on Long Island, where miles of oil surface roads are in commission and giving the greatest satisfaction.

"And again," remarked Senator Mann, "these roads can be constructed at a much less cost than a macadam, or almost any other hard road, and require very little repairing when completed, as the mixture of oil and clay makes an adhesive composition to which there is considerable flexibility; and when the wheel of a vehicle or the foot of a horse happens to pick up a small bit of the material, the depression is filled by the next wheel passing, thus rendering at all times a smooth and excellent surface."

This class of a road, with a sixteen-foot roadbed, can be worked down with 250 barrels of crude petroleum, at the most, says Senator Mann, and oil for this purpose can be laid down in Gainesville at a cost not exceeding $1.25 per barrel. Should the roadbed be made narrower than sixteen feet, then, as a matter of course, a lesser quantity will be required.

Senator Mann will go before the Board of County Commissioners at an early date, as he is very anxious to see this class of road experimented with here.

Letter to Dr. J. L. Kelley,

Dear Sir: Here's the difference between two pure paints; one strong; the other weak:

C. P. Hanger, Staunton, Va., painted two new houses, the houses exactly alike: one another pure paint, the other Devoe. Devoe cost a quarter less for paint and labor.

People generally are paying twice over for paint. Yours truly,

DEATH OF OLIVER FUTCH.

One of Alachua's Most Widely Known Citizens Passed Away at Waldo.

Oliver M. Futch, about forty years of age, one of the most widely known citizens of Alachua, died at the home of his father-in-law, T. K. Godbey, Waldo, at 1 o'clock Saturday morning, of typhoid fever.

Deceased, who was a merchant of Alachua, was en route North to purchase his fall line. He took his family to Waldo, intending to leave them there until his return. Upon reaching Baltimore he was taken ill and returned to Waldo, where he took his bed and never recovered.

Deceased was a Christian gentleman, and was loved by a large circle of friends. His remains were taken to Alachua, and he will be buried at New Hope Baptist Church at 10 o'clock this morning, Rev. W. C. Foster of the Alachua Baptist Church officiating.

Deceased is survived by a widow and two children, to whom the sympathy of the community is extended.

PRIVATE LIGHTING PLANT.

Diamond Ice Company Could Not Stand Exorbitant Lighting Rates.

Because of the fact that they could not stand the exorbitant rates charged for illuminating purposes in this city, the Diamond Ice Company has installed a private electric lighting plant.

The plant was installed by J. E. Entz, engineer at the factory. It is a Westinghouse machine, with an eighty lamp capacity, and runs with the smoothness of a sewing machine. While the installation of the plant involves considerable money, Manager Livingston states that he can save the price of same within a year at the present rates of lighting, and get equal service, with a larger number of lights.

The plant has been in operation for about one week, and gives excellent satisfaction.

Manager Livingston may decide to put in a thousand-light machine and render service to the public at a convenient distance.

CALLISON TO TAKE VACATION.

He Will Return in Time to Take Up Management of Fair Exhibits.

N. A. Callison, manager of Spring Park farm, was in the city Saturday forthe first time in several days.

Mr. Callison has been confined to his room with fever for some time, and is not as active as usual, or as it is his nature to be. He expects to leave about Wednesday for his old home in Illinois, where he will recuperate for a couple of weeks, when he will return with renewed energy to assume the management of the collection of the Alachua county fair exhibit, having been selected by the Board of County Commissioners as the general commissioner.

Mr. Callison is a hustler, and proposes, in addition to the individual exhibit of his enterprise, to show the visitors to the State Fair what Alachua county is capable of and does produce with satisfactory results.

Real Estate Transfer.

A. E. Wittstock has purchased the house known as the Watts place, corner of West Court and North Arredondo streets. The cottage contains about six rooms, and has recently been practically rebuilt, having been partially destroyed by fire several months ago.

Mr. Park's Farewell.

The farewell performance of the present engagement of the big C. W. Park tent theater was well attended, the production being that four-act side-splitting comedy, "The Runaway Match." The play is full of mirth and merriment from the rise of the curtain in the first act to the close, and was appreciated by those who witnessed it.

The company goes from here to Ocala, where they will play a week's stand.

Mr. Park expects to return here before the end of the season, as he is well pleased with Gainesville and its people, as well as the liberal patronage which has been extended his enterprise.

The Next Attraction.

In speaking of Messrs. Edward S. Lawrence and J. A. Gonzales The Tampa Tribune says: "They will leave this week to join the Peruchi-Gypzene Company. These talented actors have been in stock at the Metropolitan Theater for 6 consecutive weeks, and have made a host of friends in Tampa and South Florida. They were with the Peruchi-Gypzene Company before coming here, and for many years have been connected with some of the best theatrical organizations in the country.

"Mr. Lawrence, from his very light hair and distinguished appearance, has gained the soubriquet of 'The Silver King,' a part which he has played hundreds of times in the play of that name. During his connection with the Metropolitan he has been stage director and has staged many excellent productions, always appearing in the leading parts with much credit to himself and gratification to the patrons. He will be leading man with the Peruchi-Gypzene Company, and will be seen later at the Tampa Bay Casino, where he will be given a cordial reception by his many admirers.

"Mr. Gonzales is a character comedian of rare ability and versatility. For a number of years he was principal comedian with the world-famous California minstrels. His work in Tampa has always made a big hit with the audiences."

These two clever artists will appear at every performance of the Peruchi-Gypzene Company, which opens a three-night's engagement at the opera house next Monday, September 17, at popular prices.

YOUNG MAN MET HIS DEATH BY ACCIDENT

Lawrence Philpot Fatally Injured While Flagging Train.

LIVED AT HIGH SPRINGS

Was Taken to His Home, Where He Died After Several Hours' Suffering. Funeral Was Held Friday—Other Notes From High Springs.

High Springs, Sept. 15.—Lawrence Philpot, brother of Captain J. C. Philpot, was fatally hurt while flagging a train at Rochelle Wednesday at 4 o'clock, from the effects of which he died at 8 o'clock Thursday night. His body was brought here to his home and was interred Friday afternoon. Much sympathy is felt for his widowed mother, and the family. Lawrence was raised in High Springs, and had many friends here who lament his untimely death.

H. M. Webb has accepted a position as baggage master on the Citra train, and High Springs will see very little of this most popular young man for awhile. He is very much missed by all, for he is a general favorite.

M. C. Frink has bought the Crystal Cafe, and is running it under the able management of Roscoe Osteen.

A girl baby was born to Mr. and Mrs. M. C. Frink on the 8th inst. Congratulations are extended the happy young parents, and happy greetings to the welcome young guest.

Mr. and Mrs. Jack Larsen and Master Arlie, who have been visiting in High Springs for a few weeks, have gone to Iowa on a trip for health and pleasure.

Mrs. Geo. Glass has gone to Ohio this week, where she will join her daughter, Mrs. T. F. Thompson.

Mrs. Wm. Futch returned yesterday from Baltimore, where she has been for a few weeks.

Mrs. H. C. Stevens has returned from Seabreeze. We are glad to welcome her back.

Mesdames A. E. and M. P. Summers have gone to Tampa for a month's visit to relatives.

Miss Annie Barr is spending a few weeks at home, before taking a position in Jacksonville as teacher in the public school.

Miss Maggie Morrison, who has been on the sick list for a week, is convalescent.

Another Report.

Regarding the sad accident of Mr. Philpot The Ocala Star of the 14th inst. has the following to say:

"L. C. Philpot, a flagman on the A. C. L., yesterday afternoon was caught between cars and his legs so crushed he died shortly afterwards, though Doctors Powers and Islar were summoned and the man taken to the hospital, where everything possible was done for him. His remains were sent to High Springs for interment. Messrs. Smith and Roberts prepared the body for shipment."

Bulgaria Preparing for War.

Paris, Sept. 15.—In a formal note to France and other powers, Turkey draws attention to the warlike preparations which are going on in Bulgaria. She points out that suddenly and without reason Bulgaria has called the reserves to the colors and that rifle drill is being conducted with activity in the small forts. While it is declared that this note makes no allusion to retaliatory steps on the part of Turkey, this formal notification from the porte is regarded as ominous.

CUBAN INSURRECTION.

There is being much ado made over the situation in Cuba, and especial stress is laid in many quarters on the action of the State and Navy Department in ordering warships to Cuba. As a matter of fact, it is merely a policy of preparation against emergencies, which may never, and it is hoped, will never arise. The whole insurrection is a paper concern and one troop of American cavalry could ride through the island from end to end and chase all the revolutionists into the hills. There is a good deal of popular discontent in Cuba over the unjust apportionment of taxes, and the lack of consideration that is shown to industries by the Cuban government. At the same time the actual forces of the insurgents have been very largely overestimated, and even those now in the field are almost wholly unequipped with fire-arms.

The activity of this government does not foreshadow actual intervention so much as it does moral support to the existing government, and a purpose to protect the immense American interests in Cuba. It is not realized by most people that millions of dollars in American money are invested in plantations, sugar factories and fruit and stock ranches all over the island, and that there is a great and growing American population, whose interests must be protected. At the same time the large American financial interests in the island would deprecate armed intervention, owing to their fear that the insurgents might make reprisal and burn American property outside of the big towns. As the case stands, there are now enough American warships around Cuba to blow almost any sort of a revolution into the center of the island.

Correspondents should use a black pencil (or ink is preferable), and write as plain as possible. Most of the typesetting on The Sun is done at night, and some of the copy sent in by correspondents is very trying to the eyes of our printers; in fact, some of the copy is so indistinct that the editor himself has to guess at what the correspondent intends to say.

When we get at the bottom it is doubtful if there is a millionaire in the country who has observed the golden rule in the amassing of his fortune. He has lobbied legislation; he has beaten the people out of franchises; he sold impure food, he has inferior goods in the market; he has sold at extortion prices; he has paid starvation wages.

Statisticians estimate that twenty-two acres of land are necessary to sustain one man on fresh meat. The same space of land if devoted to wheat culture would feed forty-two people; if to oats, eighty-eight; potatoes, Indian corn and rice 176, and if to the plantain, or banana, over 6,000 people.

What are you doing for your town? If you have no confidence in the growth and improvement of the town and country in which you live how on earth do you expect other people to move among you and cause the country to develop and grow for your benefit?

Bandmaster Sousa fears that the graphophone and pianolas will ruin the taste of the people for real music. There are no accompanying gesticulations.

Judge Cecil Butt of Orange county is dead. He was one of the leading lawyers of that section until his health failed him about a year ago.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SERMONETTES

I know some who are fighting bravely, and what seems a losing battle, for no other reason than the lack of timely aid.

When Samson went at the Philistines with the jaw-bone of an ass it was the novelty of the thing that made it win.

The first start in life means everything to the man that wants to do right. Thrice blessed is he who gives the start.

In whatever form love presents itself there is something vital about it. Love is love—however commonplace it may seem.

The little differences between what you earn and what you spend is power. It often measures the distance between success and failure.

No sadder one lives in all the world than the man who has none with whom he can share his perplexities, his sorrows and his disappointments.

Don't throw aside that which now seems so useless. The log, that in July is a real incumbrance, in December will build you a roaring fire.

"The law does not permit your merciful removal by anesthetics—that kindness is reserved for animals." To steal, some won't; to beg, others are ashamed.

Those who have passed on to the heights of heroism and fame have been those separated from the objects of their intensest passion. Had you noticed that?

What a chasm between the homecoming of Rockefeller and Bryan. One seeks a friend that he may transmute him into gold, and thereby swell his coffers; the other seeks a friend that he may pass on the principles by which he hopes to lift a nation to higher and happier planes. One has his hands in the dirt; the other his head in the clouds. What a difference! One is chased and hounded by court processes based on questionable methods; the other is followed by his retinue that joins him in a royal homecoming.

In your moments of despair have you ever said: "There is nothing in my past for which to be thankful?" Never say it again. Have you wished that you might drink of the waters of forgetfulness? Never wish it again. Would you forget that all your hopes had failed? You might forget that you ever hoped at all. Would you forget that you hate one so? You might forget that you ever loved at all. Would you forget the little one, that left in the darkness, whose night has never passed? You might forget that you ever pressed them to your bosom in the twilight hour. You might forget the velvety touch of tiny fingers that felt for the lips that were crooning to them the story of a mother's love. Don't forget a part, lest you forget all.

IT WAS A NEGRO WHO KILLED SELLARS

Opinion of Prominent Insurance Man Who Investigated Case.

WAS SHOOTING AT DAVIDSON

Mr. Hooper Made Inquiry, and From What He Learned Believed That the Negro Shot at Davidson, But the Bullet Missed Its Mark.

The Tampa Daily Times of recent date has the following to say regarding the murder of Officer Sellars at High Springs, which will be of interest to readers of The Sun throughout the country:

"J. S. Hooper, district manager for Middle Florida for the Washington Life Insurance Company, spent yesterday in the city and made an appreciated call at The Times office. Mr. Hooper is a Tampa boy, though he is now making his home in Ocala. His friends here will be pleased to learn that he is winning success in the insurance business, in which he has now been engaged for several years.

"Mr. Hooper's business carries him into the High Springs territory frequently, and he happened to be in that section when Officer Sellars was assassinated. He naturally felt some interest in the matter and learned all details that he could.

"'From what I have been able to discover, I am satisfied that Mr. Sellars was killed by a negro,' said Mr. Hooper. 'And I do not believe that the negro intended to kill Sellars, but that he was really shooting at 'Shorty' Davidson, a former detective in the Atlantic Coast Line service, who was near Sellars when he was shot and was the first man to reach him after he fell. Davidson had given this negro a severe beating for assaulting his (Davidson's) son, and as the negro had a bad reputation it was expected that there would be further trouble. The negro disappeared on the night that Sellars was killed and has not been seen in that vicinity since.'"

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Two Killed in Explosion.

Mount Sterling, Ky., Sept. 15.—The Riley-Waters mill in Menefee county, exploded, killing two men and fatally injuring three others. The mill was blown to pieces.

NEW BOLL WEEVIL DISCOVERED.

It Is Distinct from the Texas Weevil, and as Destructive.

Columbus, Ga., Sept. 15.—Each day information is received of additional territory in this section that has been infected with a species of the boll weevil, which, while entirely distinct from the dread Mexican weevil, is nevertheless quite destructive.

J. W. Livingston, a planter of Nances, Ga., was in the city with some stalks of cotton from his farm that had been ruined by the weevil. All the bolls were black, and from a superficial examination one would think that they were simply affected with rot. Mr. Livingston stated that the bolls had all been punctured by a small, black weevil, however, decay quickly following the puncture, and spreading over the boll.

Rollin Jefferson, who has a plantation south of Columbus, says that the weevil has appeared on his farm two years in succession. Last year they came late, but this season appeared early in the fields that had been infested last year, and are doing much damage. They will continue their work until frost, he said.

A report from Talbot county, Georgia says that the same weevil has appeared in that county.

J. Morgan Davidson, a Muscogee county planter, reports that a large field of cotton on his farm has been practically ruined by the weevil.

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Watson Released; Not Assailant.

Atlanta, Sept. 15—Gus Watson, the negro arrested last Friday afternoon near Copenhill, on suspicion of being the brute who assaulted the Misses Lawrence, several weeks ago, has been released from the Tower upon his own recognizance. Although Miss Mabel Lawrence was in doubt as to his identity the officers had no trouble in satisfying themselves that Watson was not the guilty party. The condition of Miss Ethel Lawrence remains serious and her relatives share in the opinion that her nervous system is permanently shattered.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Big Gold Import.

New York, Sept. 15.—The National City bank Friday announced that it has engaged $1,775,000 in gold for import from Paris, Sydney and Buenos Ayres. This makes the bank's total engagement of gold on the movement $18,822,000.

Well Worth Trying.

W. H. Brown, the popular pension attorney of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation and biliousness. 25c. guaranteed at all drug stores.

ROAD HEADED FOR VALDOSTA.

Milltown Air Line Is Seeking Southern Terminus.

Valdosta, Ga., Sept. 15.—It is announced here on the best of authority that the Barney and Smith Car company, owners of the Milltown Air Line railroad, and of the Bag lumber mill, at Milltown, are planning the extension of their road to Valdosta.

The company owns a large tract of timber to the north of Naylor, the present terminus of the Milltown Air Line, and through which a straight line to this city would traverse. Furthermore, they are desirous of reaching a competitive point for their large shipping business. A line of the line has been authorized so it is stated, and the company is said to be getting bids for steel rails and other equipment. The proposed line will be about 30 miles in length.

There have been rumors current here for some time that the Barney & Smith company contemplates the building of large shops here for the manufacture of freight and flat cars, and talk of the railroad extension is taken as confirmation of these rumors. It is said that the company is favorably impressed with the advantages this section offers for a car building plant being much nearer the timber and iron fields than the large plant at Dayton, O.

Every encouragement will be offered by the people of Valdosta to the new enterprise, and their development will be watched with interest all throughout this section.

Pain From a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: 'I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by all druggists.

TAX CASE LOST BY THE STATE.

Telephone Company Wins Before Pendleton.

Atlanta, Sept. 15.—It was held by Judge John T. Pendleton in an order handed down in the superior court of Fulton county that the state has no right to collect a 2½ per cent gross receipt tax from the Southern Bell Telephone company, the particular statute under which that tax is now sought to be collected, being declared unconstitutional .

The state has for several years sought to collect a tax of 2½ per cent on the gross receipts of all telephone and express companies doing business in the state in lieu of all other taxes. For example, if the ad valorem taxes upon the property and franchises of such corporations amounts to less than 2½ per cent of its gross receipts, then it has been called upon to pay the difference into the state treasury. But if such ad valorem taxes amounted to as much or more than the 2½ per cent gross receipt tax, then, of course nothing else was demanded.

The Southern Bell Telephone company is about the only one of the large corporations of this class affected by this legislation, the gross receipts tax in this instance being considerably in excess of the ad valorem taxes. The state has claims against the Southern Bell Telephone company for about $30,000, covering this difference in the two taxes for the last three or four years which the telephone company has persistently refused to pay on the ground of unconstitutionality.

Recently in order to make a test case a levy was made by Comptroller General Wright through the sheriff of Fulton county, and the case went to trial before Judge Pendleton under an injunction to prevent the sale of the property levied on.

The case was argued some time ago Attorney General John C. Hart appearing for the state.

In his decision Judge Pendleton holds that this 2½ per cent tax on the gross receipts of such companies is unconstitutional on the ground that it is at variance with that section of the constitution which requires that taxation shall be uniform upon the same classes of subjects and not discriminatory.

The state will appeal the case to the supreme court.

Fatal Florida Fight.

West Palm Beach, Fla., Sept. 14.—Delray, 18 miles south of here, the two Hodge brothers while helping the Rhodes brothers to set out pineapple slips were discharged Thursday, and caused hard feelings. Hodge brothers met one of the Rhodes at the depot last night and approached him with drawn knives. Rhodes had only an ax handle, and he knocked both of the Hodges down, one being badly injured. He was taken to a nearby house where his wound was dressed, and the physician said that he was more drunk than hurt. Hodges died at midnight. Deputy Sheriff Hay good arrested Rhodes Friday morning and took him to Miamo. A coroner's jury is investigating. Whisky is at the bottom of the affair.

The Breath of Life.

It's a significent fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." IS NABBED IN ACT OF ROBBING.

Bold Daylight Attempt to Relieve Cash Drawer of $407.50 at Macon.

Macon, Ga., Sept. 15—Charlie Wilson, a tinner, who claims to have recently worked for Charles B. Gough in Atlanta, was run down in the act of taking $407.50 in cash from the ash drawer of the Napier Bros.' store where he went on the pretense of writing a letter. He had evidently wathed for an opportunity, and when he aswed permission to write a letter at the deck no one suspected that he had planned a bold daylight robbery.

While he was engaged in carrying out his scheme a negro porter, who was attentive, saw him remove the cash from the drawer and slip it into his pocket. When he was ready to leave he had got to the door, when the negro gave the alarm and Wilson was seized. Messrs. Tris and Joe Napier went for the man and held him until a patrolman could answer. Call Officer Wilson took charge of the man, and he is now detained at police station. The full amount of $407.50 was taken from Wilson's pocket.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Take it when you have a cold and it will allay the cough, relieve the lungs, aid expectoration, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price 25 cents. Large size, 50 cents. For sale by all druggists

Politicians Guilty in Fraud Cases.

Portland, Ore., Sept. 15—State Senator Franklin Pierce Mays, ex Representative Willard L. Jones and George Sorenson stand convicted in the Blue Mountain land fraud case. The sealed verdict returned by the jury was read in the federal court finding all three defendants guilty of conspiracy to defraud the government of lands in connection with the creation of the Blue Mountain forest reserve. Counsel for defense entered motion for a new trial.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson

STAG LEGENDS.

Ancient Stories of the Animal's Antipathy to Snakes.

There is no beast in the world to which more legendary virtues are attributed than the stag, partly owing to the tale of St. Hubert, partly to a supposed antipathy of stags toward serpents, partly to a peculiar mass of gristle in the shape of a cross which is found in the animal's heart. A whole book might be written on the miraculous power of the heart and the efficacy of different parts of him against the troubles of this evil world. Fouilloux, in the sixteenth century, gives a long list, and Master Robert Topsel fills page upon page with them, but our author in his solid English fashion is chary of accepting such stories.

Men say, he admits, that when a stag is right old he beateth a serpent with his foot till she be wroth, and then eateth her, and then goeth to drink, and then runneth hither and thither till the water and venom be meddled together, and maketh him cast all his evil humors that he had in his body, and maketh his flesh come all anew. But, he adds, with the solemnity of Herodotus himself, "Thereof make I none affirmation." And this phrase occurs again and again, for the Comte de Foix is too great and noble a hunter that any assertion of his should be laughed at.—Macmillan's Magazine.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere, seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

AN ORDINANCE

To Amend Section 10 of the Charter Provisions of the City of Gainesville, Florida, the Same Being Contained in Chapter 5497 of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905; and to Provide for the Calling of a Special Election for the Purpose of Submitting Said Ordinance to the Electors Qualified to Vote Thereat.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That Section ten (10) of the charter provisions of the City of Gainesville, Florida, as contained in Chapter 5497, of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905, be, and the same is hereby amended to read as follows, viz:

"Sec. 10—All ordinances adopted by the City Council and approved by the Mayor, or passed over his veto, shall be printed for distribution or published one time in a newspaper printed in the city, as the City Council shall determine and set forth in the ordinance, such publication or printing being made immediately upon such adoption and approval."

Section 2—The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a Special Election to be held in said city, on the 9th day of October, 1906, to determine whether or not the ordinance to amend Section Ten of the charter provisions of said city as proposed by this ordinance shall be approved by the affirmative vote of a majority of all the electors qualified to vote at said election, or if a majority of all the qualified electors shall not have voted at said election, then by a majority of the votes cast upon said proposition. Said proclamation shall be published for the length of time and in the manner in which proclamations calling the general city elections of said city are published.

Section 3—That this ordinance shall be published in a newspaper printed in said city once each week for eight weeks next preceding said special election. That at said special election said ordinance shall be submitted to the electors qualified to vote at said election for their approval, that each qualified elector shall have an opportunity to vote for or against the approval of said ordinance, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of said ordinance shall vote a paper ballot containing the words: "FOR approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," or, "AGAINST approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the adoption of said ordinance as proposed. The said special election shall be held, conducted and the returns thereof canvassed, in all other respects, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Section 4—The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for the same out of the proper fund in the city treasury. The ballots to be used at said special election shall be substantially in the following form, viz:

Official Ballot, Special City Election, City of Gainesville, Florida, 9th day of October, 1906.

Make a cross (X) mark before the word "FOR" or the word "AGAINST" accordingly as you approve or disapprove of the adoption of the ordinance providing for the amendment of section 10 of the charter provisions of said city as therein proposed.

Vote for one:

FOR approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council

AGAINST approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council.

Section 5—That all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and the same are hereby repealed.

Adopted in open session of the City Council by the affirmative vote of more than two-thirds of all members of said City Council on this 9th day of August, 1906. A. M. Cushman,

President pro tem City Council City of Gainesville, Fla.

Attest:

J. M. Dell, City Clerk.

The above and foregoing ordinance is approved by me this 9th day of August, 1906. G. K. Rogers,

Acting Mayor of City Gainesville, Fla.

READ THIS.

Springfield, Tenn., June 11th, 1901.

I have been troubled with kidney and bladder troubles for a number of years and severely so, and having noticed the advertisement of Dr. E. W. Hall's Great Discovery, A Texas Wonder, concluded to give it a trial, from which I found great relief, and would recommend it to those similarly afflicted. H. H. KIRK.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. AT THE CHURCHES TODAY.

List of Services at Methodist and Presbyterian Houses of Worship.

The only reports from churches handed in for publication Saturday were as follows:

Kavanaugh Methodist Church, Rev. T. J. Nixon—Sunday school at 9:30 a. m. Preaching at 10:30 a. m.; subject, "Seeking the Best Gifts." Junior League at 3 p. m. Senior League at 4 p. m.; topic, "Our Debt to the Knowledge of God's Word;" leader, Miss Louise Nixon. Evening service at 7:30 o'clock; subject of sermon, "Obedience to the Heavenly Vision."

First Presbyterian Church, Rev. Thos. P. Hay—10:30 a. m. morning service. 4 p. m. Sabbath school; lesson topic, "Jesus Silences the Pharisees and Sadducees." 5:15 p. m. evening service.

W. C. Hague of Hague was among those who came to Gainesville on business yesterday.

Boston is the "Hub" of the universe and the place where "Bostonians" are made. They are shoes upon which a well-dressed man may depend for his footwear. L. C. Smith.

Friends of James B. Dell, who has been quite ill for several days, will be gratified to learn that he is rapidly recovering, and was enabled to come upon the streets yesterday.

Thos. P. Allen, Eugene G. Allen and W. J. Allen of Old Town were in the city yesterday, having come to make proof in the United States land office of a valuable timber tract comprising 160 acres in LaFayette county.

Miss Leonora Mixson of Jacksonville, after a pleasant visit to her parents, Mr. and Mrs. J. Mixson, returned to her home yesterday. She was accompanied by Miss Mae, her sister, who will be her guest for a few days.

W. T. Waters of Hickman came to Gainesville yesterday and spent the day with his wife. Mr. Waters would like very much to remain here permanently, but inasmuch as he has a very profitable truck farm at Hickman, he does not feel that he can afford to leave it.

Attention is called to the change of advertisement of the New York Racket, Phifer Bros., which appears in this issue. This enterprising firm announces the first arrival of new fall goods, and are offering special values in shirting percales. See the ad. and take advantage of the opportunity.

T. B. Anderson, the efficient chief clerk in the office of District Superintendent A. L. Glass of the Atlantic Coast Line, is off on his annual vacation. He will leave for his former home at Palatka today, and from Palatka to Morganfield, Union county, Ky., where his three sons, Charlie, Theo. and Cromwell, are with their uncle. The boys will return with him.

Among the prominent visitors to Gainesville yesterday was Col. John E. Marshall, a well known attorney of Palatka. Col. Marshall states that the Gem City is forging ahead at a steady gait, and that the people as a rule appear to be prosperous. The city will soon complete its own waterworks plant, which will make the people independent of the "water trust," with which they have been compelled to contend for the past fifteen years.

Among the business visitors to this city yesterday was Col. H. M. deMontmollin of Palatka, a member of the firm of the Stanton Foundry and Machine Works. Col. deMontmollin's firm is classed among the largest and best of its kind in the State, making all the castings for this division of the Atlantic Coast Line, which alone keeps a large force of men engaged. The firm also does a large business in the phosphate and sawmill plants throughout the State, including this section.
